

Seed 0, plane of relative-coordinate eigendirections top1/top2 (train-probe Hessian, saved/frozen BN), test probe (1,000). Mapped directions are scaled to $r = 1$ and are not orthogonal in weight space.

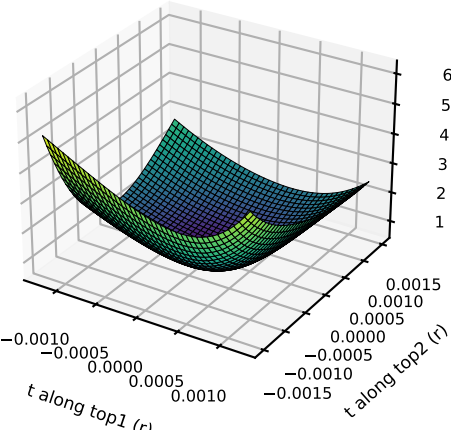

plain, seed 0 (absolute)

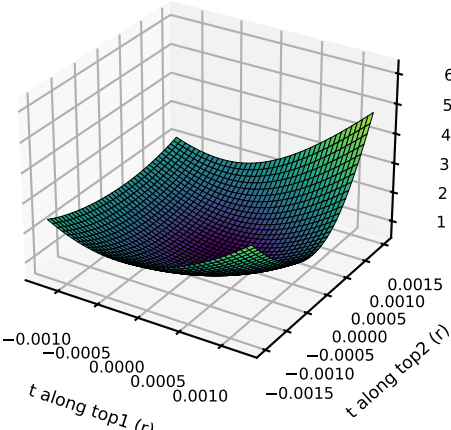

resolution-only, seed 0 (absolute)

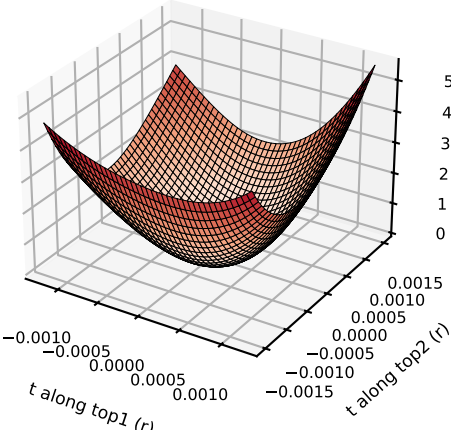

Gaussian-only, seed 0 (absolute)

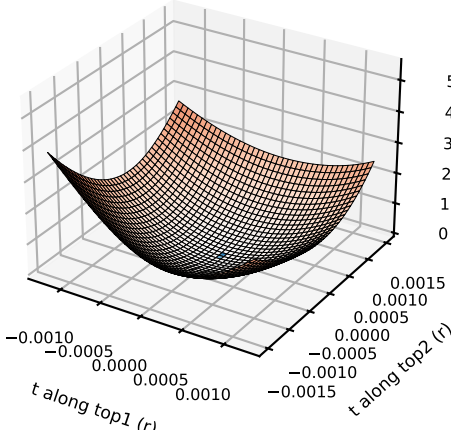

combined, seed 0 (absolute)

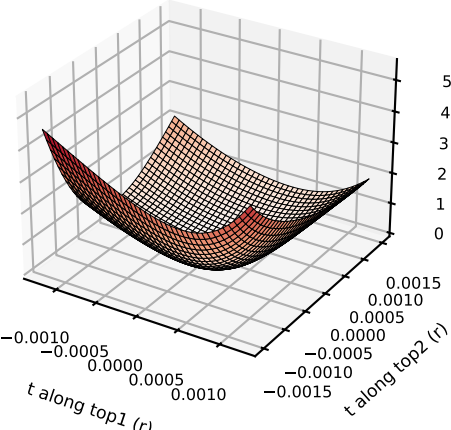

plain, seed 0 (centred)

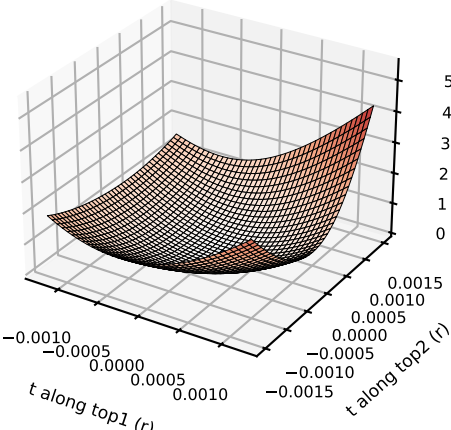

resolution-only, seed 0 (centred)

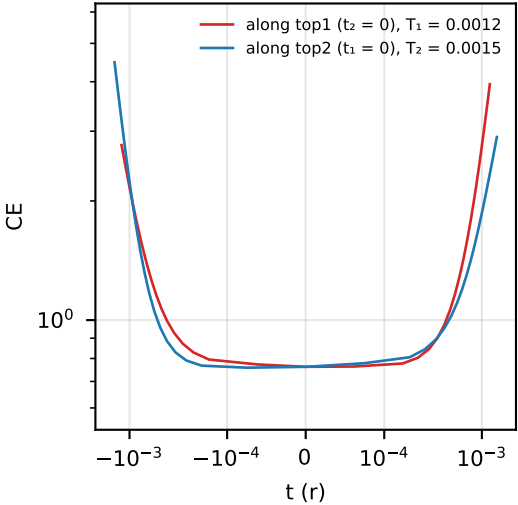

Gaussian-only, seed 0 (centred)

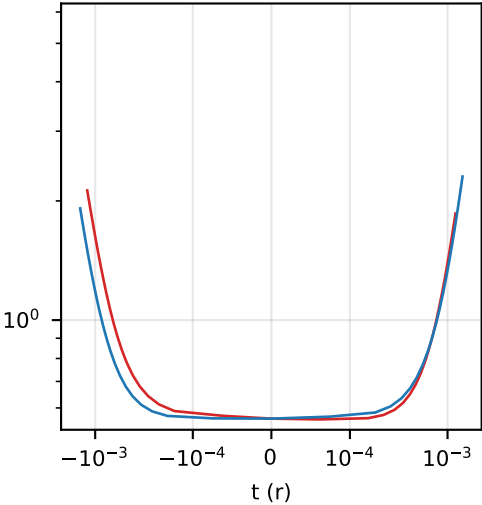

combined, seed 0 (centred)
